R4	618 Broughans Road Finley	[redacted]		N/A	N/A	N/A	R4 contacted Berrigan Shire Council on the 15/0219 to make a complaint regarding the earthworks associated with the Finley Solar Farm (Block 27).	Kane Williams (Signal Energy Australia Construction Manager) contacted R4 on the 15/02/19 to offer information about the earthworks. SEA ceased earthworks at Block 27 pending further investigation. Subsequently, Martina Gassner ESCO's Environment and Stakeholder Manager contacted R4 on 18/02/19 to further discuss the matter and identify a resolution. ESCO contacted SEA to better understand the Block 27 earthworks and conversation with R4. ESCO then reviewed the development approval (DA) documentation with respect the Block 27 activities. ESCO contacted the NSW Department of Planning and Environment (DPE) (Katrina O'Reilly – Compliance Branch – 02 6229 7909. Katrina.OReilly@planning.nsw.gov.au), providing evidence that works are in accordance to DA). Proposed site visit with R4 Thursday 28 February 2019. ESCO contacted Berrigan Shire (Elizabeth Schindler - LizS@berriganshire.nsw.gov.au - 03 5888 5100) to discuss complaint and invite Berrigan Shire to site visit. Declined to join site visit but would like to stay informed. ESCO spoke to SEA and Jacob's engineers arrange independent civil engineer contribution to land owner negotiations. Jacobs independently reviewed relevant DA documentation listed above. Jacobs also attended the site meeting. Site visit/meeting with R4, Jacobs, DPE, ESCO and SEA 28/2/19 at R4 property. Meeting held and constructive conversation resulted in resolution of R4 complaint. Further information about the proposed works and impacts to adjacent property provided. Commitment made by SEA to keep in regular contact with R4. DPE satisfied all works are in accordance to DA. Works at Block 27 can recommence.	No further actions required.
